### Synopsis

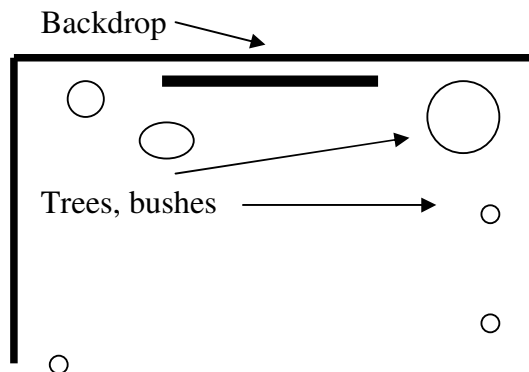

*The scene is a local village of animals in the teeming metropolis of a large jungle. It's more rainforest than savanna and poetic licence is used. The animals are like the inhabitants of any town or suburb. They have their problems, their good and bad days. Some animals have discovered that certain species of plants and humans are either extinct or very nearly so. They inform their neighbours. But some animals have other, more pressing problems. There's local politics, the demise of traditional habits and unemployed youth. The climax occurs when a circus comes to town. A circus which has humans as performers. There's sabotage, anger, danger, disagreements, reconciliation and ignorance. Sound like your place? But all's well that ends well. It's a friendly finish. Or is it?*

### Costumes and Movement

*The animals walk on two legs. The costumes can be very simple using just tee-shirts and jeans with the name of each animal on the shirt. Or else you can be more elaborate and create some marvellous life-like outfits. The animals must be free to move and speak. Large masks or headpieces must not restrict the performer's ability. Detailed costume ideas are provided in the free Production Notes.*

### Set Design

*There is only one set. Upstage and to a lesser extent the sides are trees, bushes, vines etc. Tree-stumps are spread around in various places. These could be covered with moss. There are cubby-houses in some of the trees. Some of the animals live therein. The downstage half of the stage needs to be clear for the circus and other activities. Because of the tree-stumps, when the stage is fully occupied, the performers are on various levels. Here is a bird's-eye-view.*

## 4 Jungle

---

*(The Overture is played. Once it has finished, pause. Slowly bring up sound effects [FX] of jungle noises. There are FX on the backing-tape. Lighting is very dim. It's the dawn of time. Mist swirls. We can hardly see the animals on stage who are frozen in many places around the set. MUSIC BEGINS. Gradually fade FX if you are providing your own. N.B. The opening song starts softly with little light or volume. Build the number. Gradually. Start low-key. Perhaps little movement until the latin tempo when it's all colour and movement. For the anthem, again little or no movement)*

### **It's A Jungle/Animal Anthem**

**Company**    *Ahhh. Ahhh. Ahhh.  
Oooo. Oooo. Oooo.  
Eeee. Eeee. Eeee.  
Ahhh. Oooo. Eeee.  
Flower and a fern, hardly room to turn  
It's a jungle  
Creeper and a vine, traffic all in line  
It's a jungle  
Greenery to grow, everywhere you go  
It's a jungle  
Overgrown and dense, no-one needs a fence  
It's a jungle.  
Every type of plant, every kind of ant  
It's a jungle  
Lichen on the ground, hard to get around  
It's a jungle  
Undergrowth and brush, always in a rush  
It's a jungle  
Grass that simply grew, overcrowding too  
It's a jungle.  
It's a jungle where we walk, swim and fly  
It's a jungle which can blot out the sky  
It's a jungle, here we live and we die  
Everything grows, everything grows.  
It's a jungle, see it's wet and it's hot  
It's a jungle, how we like it a lot  
It's a jungle and it's all that we've got  
Home of our own, it's a jungle!  
Colours are many, some brilliant, some bland  
All shapes and sizes from tiny to grand  
Proud to be part of this wonderful land  
Honour the animal kingdom.*

## Jungle 5

---

*Beautiful, beastly and much more beside  
Some swim, some gallop, some climb and some glide  
Graceful or clumsy but all dignified  
Honour the animal kingdom.*

*The animals.*

*(Song ends with COMPANY in strong formation. The Animal Anthem is a powerful, patriotic piece. Applause. ZEBRA is first to move. This is the cue for COMPANY to break free and move around the set)*

- Zebra** *(Exiting DL)* Now don't forget the council meeting tonight. Eight o'clock sharp.
- Giraffe** Boring. *(COMPANY agree)*
- Zebra** *(Stops)* I heard that. I'm sick of your anti-politician remarks.
- Lion** Well let's face it, Zebra, you never *do* anything.
- Zebra** You're jealous, *former* monarch!
- Ostrich** Please, no arguments. Otherwise I'll have to bury my head.
- Zebra** Ever since we tossed out the royal family and became a republic, you wander round like a ... like a ...
- Rhino** Like a king without a crown.
- Zebra** Exactly.
- Hippo** And it was the worst thing we ever did. Tradition was trampled underfoot.
- Croc** By a herd of wild elephants.
- Elephant** Hey, watch it!
- Chimp** Yes but royalty's not the only thing that's disappeared.
- Hippo** Well said, Chimp. We all know good behaviour's almost extinct. Only this morning I saw graffiti on the riverbank. *[Shock from some]*
- Giraffe** What about food? You can't get the leaves any more. *(COMPANY agree)*
- Chimp** What about the disappearing flora and fauna in our jungle? Things have definitely changed.
- Ostrich** And that makes me worry. None of us like change. *(COMPANY agree)*
- Zebra** So bring it up at council. If it's serious we can refer it to committee.
- Giraffe** Refer it to oblivion.
- Zebra** *(Angry)* I heard that.
- Chimp** Some of the plants we used to eat have vanished. I mean, who's had a *Leafus Salad* lately? *(COMPANY murmur. "Not me ... I haven't ..." etc)* And where are the natives? And the explorers? They've all disappeared. *(COMPANY again agree. "That's true ... He's right" etc)*
- Hippo** It's a sign of the times. We have discarded all that's good and true.
- Chimp** *(To ZEBRA)* And your cousins, the Quaggas.
- Zebra** Leave my family alone. Politics should never be personal.
- Ostrich** That's right. The Quaggas don't visit anymore. Why not?
- Chimp** Because our world is changing. The Quaggas have left - permanently!

## 6 Jungle

---

**Rhino** I haven't noticed a change.  
**Lion** Well old Grandpa Lion did. (*COMPANY smile, titter*)  
**Giraffe** [*Polite complaint*] Not *another* Grandpa story.  
**Lion** He remembered when the jungle was crawling with big, plump, juicy missionaries, just like Robert Morley. Now, not a sausage. (*MUSIC BEGINS*)  
**Hippo** Sausage?  
**Lion** Grandpa blamed the ....  
**Company** .... television evangelists. (*COMPANY have heard it all before*)

### Missionaries

**Lion** *My grandpa was old when he finally died  
He never ate rubbish or food that was fried  
He stuck by his diet and did so with pride  
Grandpa, he ate missionary.  
He ate well at home and when out with a friend  
He even had take-away on the weekend  
His menu I guess could be called a godsend  
Grandpa, he ate missionary.  
And this is what he said.  
Baptists you bite a bit  
Mormons you munch  
Salvos you swallow whole  
Catholics you crunch  
Luth'rans you lick a lot  
Anglicans chew  
Supper's a smorgasbord of  
Missionary stew!  
Now grandpa was careful like any smart beast  
He ate well but had the occasional feast  
And Christmas was special, he'd try a roast priest  
Grandpa, he ate missionary.  
Old grandpa he lived long and made many deals  
The best one was captured on all the newsreels  
When two bikie bishops became meals-on-wheels  
Grandpa, he ate missionary.  
And this is what he said.*

[Spoken] *Would somebody please pass me a Presbyterian?*

*[COMPANY repeat the chorus then congratulate/thank LION when their former monarch finishes the song. CHIMP and ELEPHANT lead LION to one side for a quiet word. CROCODILE takes over]*

**Croc** Okay, break it up folks - listen up!  
**Rhino** [*Confused, annoyed*] Listen up!?! What's wrong with "listen"?

## Jungle 7

---

- Croc** Listen up is cool talk for entrepreneurs. Now, first the good news. Today is St Charley's Day. *(Pause. No reaction)* Hey, what is this? St Charley's our patron saint. Aw come on. Show a little enthusiasm.
- Giraffe** I keep forgetting why we have St Charley's Day.
- Croc** *(Aghast)* Forgetting! Charles Darwin wrote your family tree.
- Chimp** Not mine. *(Indicates tree)* My family have lived in that tree for two thousand years.
- Croc** Oh ha, ha. Very funny.
- Zebra** Everyone knows about Charles Darwin. He wrote *Roots*.  
*(COMPANY agree)*
- Ostrich** No. That was Charles *Dickens*. *(COMPANY buzz)*
- Hippo** No, no. He wrote *A Tale of Two Hippos*.  
*(COMPANY all talk at once. "Tale of Two Hippos ... Charles Darwin ... Was it really Charles Dickens? ... I don't know ... What do you think?" etc. CROCODILE has lost control and calls over the hubbub)*
- Croc** Hey! Hey! Hold it! *(Louder)* Hold it! *(COMPANY quiet. Pause)* Punters please, I ain't finished. We are going to celebrate St Charley Day in style -tonight!
- Zebra** *(Upset)* You can't do that. Council meets at eight o'clock.
- Croc** Not on a public holiday! Not when there's a circus in town!
- Company** *(Excited)* Circus!?
- Croc** *(Calling)* So c'mon, let's celebrate. *(Calls)* All hail St. Charley!
- Company** *[MUSIC BEGINS. COMPANY call loudly]* All hail St. Charley!

### Charley Darwin Dance

- Company** *First y'take a tiny creature very small  
You can hardly see the little thing at all  
In a million years or so it starts to crawl  
Doin' the Charley Darwin Dance.  
Fascinatin' movement that is scrutable  
Sceptics say the whole thing is disputable  
Not if everyone of is mutable  
Doin' the Charley Darwin Dance.  
Char-ley Dar-win. [Three times]  
Doin' the Charley Darwin Dance.  
Oh species origin. Natural selection  
Knees up the Devil's Chaplin  
Hail to Saint Charley.  
All hail to Saint Charley! Chas!*
- Croc** *(COMPANY excited at end of song. CROCODILE takes over)*  
Don't forget, punters, tonight the circus hits the jungle!  
*(COMPANY cheer)*

## 8 Jungle

---

**Zebra** (Calling) No way! Absolutely not! Tonight is council.  
**Croc** (Calling) What'll it be? Council or circus?  
**Company** (Calling) Circus!  
**Croc** Okay, players. Tickets on sale the corner of Undergrowth and Vine.  
(Points DR) Be there!  
(COMPANY excited rush off DR/RC/UR all chattering at once. "Gotta get my tickets ... I need two, no three ... The circus is fantastic" etc. ZEBRA is furious with CROCODILE. Principals alone on stage)

**Zebra** This is scandalous! Council takes precedence over *everything*.  
**Croc** Cool it, Zebby! (ZEBRA further incensed) We live in a democratic jungle. The punters have decided.

**Giraffe** Besides, council's a bit like a circus anyway.  
**Zebra** Right, that's it. I'm going to raise your contemptible behaviour in council.  
**Chimp** Zebra, you've got it all wrong. Council should discuss important things like the preservation of endangered species.

**Zebra** (Indignant) We need new traffic signs.  
**Hippo** (Indignant) And lessons in good behaviour.  
**Chimp** (A touch angry) Zebra, we're facing a crisis. The jungle is under threat. Some species are already extinct!

**Ostrich** Royalty's extinct.  
**Hippo** Respect's extinct.  
**Chimp** While you fuss about litter and traffic signs, plants and people are being wiped out!

**Croc** It's the law of the jungle, mate. The fittest entrepreneur survives.  
**Chimp** (Angry with CROCODILE) Oh why don't you run away and join the circus?  
**Giraffe** But should we really worry about vanishing humans? I mean, they're only *people*.

**Elephant** Part of the food-chain, Stretch. Remove one link and the whole thing's kaput.

**Hippo** None of this would have happened if we still wore hats and gloves.  
**Chimp** Elephant's right. Humans are living creatures. They're part of the food-chain and besides, they have a right to exist.

**Elephant** And if they keep disappearing, they'll be lost forever.  
**Lion** Which would be a cultural and *economic* disaster.  
**Croc** Hey, lighten up. The world is full of humans.  
**Chimp** *Some* humans. Many species are extinct, others in real danger.  
**Ostrich** Such as?  
**Chimp** Well, *policeus onbeatus* for one.  
**Giraffe** Speak English. I've forgotten my Latin.  
**Chimp** The unarmed policeman.  
**Ostrich** That's true. Whatever happened to whistles and bike-clips?

## Jungle 9

---

**Hippo** They went out with quiet music and good manners.  
**Chimp** Or there's the well-behaved tennis-player, the truthful politician, the humble pop-star, the doctor with neat handwriting - the list is very long. They're either extinct or just about.

**Zebra** Well write to your local politician.  
**Chimp** It's too late for debate. We need immediate action.  
**Lion** *(Reflective)* If I were still king, I'd click my claws and it'd be done.  
**Hippo** *(Excited)* Oh yes. Let's bring back royalty. Let's have white tablecloths, curtsies and knighthoods.

**Elephant** Why not build a national park to save the humans?  
**Chimp** *(Excited)* Hey! Great idea.  
**Ostrich** What's a national park?  
**Chimp** We'll declare a suburb or town just for humans - no animals allowed.  
**Croc** Hang on. I may need that space for my circus.  
**Chimp** Unless we act now we could lose these humans forever.  
**Hippo** Forget the humans. What about us? *(HIPPO fumes, turns and exits in a huff)*  
**Croc** *(Starting to exit)* You can't do this. Where's my lawyer? *(Exits calling)* Lawyer! Lawyer! *etc*

**Ostrich** Surely we don't care about *nasty* humans? *[MUSIC BEGINS]*  
**Lion** Of course we do.  
**Giraffe** *[Surprised]* The ones that bite and abuse us?  
**Chimp** Too right. They all play their part. Come on, let's save the endangered humans!

### Save Endangered Humans

**Elephant** *Everywhere the world is clearing  
Out the old and bringing in the new.*

**Lion** *Humans now are disappearing  
Is there something we can do?*

**Others** *Yes!*

**Chimp** *We can save the last examples  
Endangered species must not die.*

**Lion** *We'll work until we drop*

**Elephant** *Never ever stop*

**Trio** *Save the humans is our cry.*

**Company** *We've got to save the truthful politician  
We've got to save the humble TV host  
We've got to save the honest crooks  
The humans who read books  
Love and honour any who can guarantee the post.  
We've got to save the courteous car-driver  
We've got to save the student who can spell*

## 10 Jungle

---

*The republican who's king, the rock-star who can sing  
God bless their socks and keep them well.*

*[During the song some rapid-fire dialogue is presented a la spruiking]*

**Chimp** Okay, reports. Truthful politicians?  
**Animal 1** We're still lookin.  
**Lion** Humble TV hosts?  
**Animal 2** Contradiction in terms.  
**Elephant** Honest crooks?  
**Animal 3** All in jail.  
**Chimp** Humans who read books?  
**Animal 4** We're waiting for the movie.  
**Lion** Posties who deliver on time?  
**Animal 5** The answer's in the mail.  
**Elephant** Courteous car-drivers?  
**Animal 6** Fewer than .05.  
**Chimp** Students who can spell?  
**Animal 7** Can't read their writing.  
**Lion** Successful entrepreneurs?  
**Animal 8** No such creature.  
**Elephant** Rock stars who can sing?  
**Animal 9** Not on the charts.  
**Chimp** Protect endangered species!  
**Company** Yes!  
**Company** *God bless their socks and keep them well.  
Save endangered species - now!*

*(Song is performed only by the principals without CROCODILE and HIPPO. During song, various endangered species could appear. These may be [a] slides on a screen or [b] members of the COMPANY dressed as humans or [c] cardboard cut-out humans carried by members of the COMPANY or [d] large signs naming the endangered species again carried by animals from the COMPANY. The signs could read- Polite Tennis Player ... Unarmed Policeman ... Truthful Politician ... Humble Rock Star ... Doctor With Neat Handwriting ... etc. Song finishes with new "props" in formation mixed in with the principals. COMPANY break ranks and exit in all directions chatting as they go. CHIMP calls while ELEPHANT and LION guide ZEBRA DR)*

**Chimp** *(Calling to departing COMPANY)* Thanks everyone. We need all the help we can get. And please take good care of those endangered species. Bye.  
*(COMPANY wave back, call "bye" and exit. CHIMP moves to join ZEBRA, ELEPHANT and LION)*  
**Elephant** Now listen Zebra, this is serious, very serious.  
**Zebra** Thank you but I'll be the judge of that.  
**Lion** We need tough legislation.  
**Zebra** All in good time.  
**Chimp** No! That's just it. We haven't *got* the time.

## Jungle 11

---

**Zebra** You're not unique. There are lots of other problems in the jungle. Saving endangered humans is just one of them.

**Elephant** If you delay it may be too late. *(Pointing at ZEBRA)* It'll be on your conscience.

**Zebra** *(Angry)* Don't threaten me. D'you hear? *(Louder)* Ever! *(Storms off)*

**Lion** *(Sarcastic)* Good one, Jumbo. We're trying to win them over not drive them away.

**Elephant** *[Disappointed]* I know but dealing with a politician is never easy.

**Chimp** All right, settle down. It's hard enough without fighting among ourselves. *(ELEPHANT and LION ashamed and shake hands muttering "Sorry". CHIMP takes off DL)* Come on. We've got work to do. *(LION and ELEPHANT scramble after CHIMP. The jungle is quiet and empty. Pause. Suddenly a MONKEY drops out of a tree. Then another. Then two more bob up from behind a tree-stump. MUSIC BEGINS. The group of MONKEYS moves downstage and confronts the audience)*

### Monkey Business

**Monkeys**

*We ain't got no job  
We ain't got no dough  
We ain't got no hope  
We're up to monkey business.  
We ain't got no joy  
We ain't got no friends  
We ain't got no peace  
We're up to monkey business.  
Walkin' the streets, spray paintin' the town  
Doin' a burg, coppers! Get y'down.  
Hangin' about, pinchin' 'n stuff  
Gettin' the dole  
Lousy! Hell it's tough!  
We're up to monkey ... [Three times]  
Business!*

*(Song ends with the MONKEYS in defiant pose. Suddenly they break free and move to various trees and prepare to become graffiti artists. They mime. Just as they start, HIPPO enters DR dressed in full "going-out" gear. HIPPO is concerned about her appearance and is about C when she sees a monkey. She freezes then suddenly turns. HIPPO sees the MONKEYS and cries out in anger and surprise. The MONKEYS react immediately to HIPPO'S voice)*

**Hippo** Hey! *(MONKEYS race off in all directions)* Stop! What are you doing?!  
*(HIPPO moves about and collides with one or two MONKEYS fleeing the scene. It's not a collision so much as avoiding a collision but it sees HIPPO spinning around, calling "Stop! ... Help!" etc and falling to the jungle floor. HIPPO'S hat is askew, basket of goddies scattered. Pause. The MONKEYS have gone. HIPPO alone and distressed)*

**Hippo** (Pathetic) Help. (Little louder) Help!

---

**12 Jungle**

---

**Ostrich** (Enters UL) Hippo! (Moves to HIPPO) Are you all right?  
**Hippo** I've been viciously attacked. Help me. Do something.  
(OSTRICH in a dither)  
**Ostrich** [Upset] I don't know what to do. I can't handle a crisis.  
(CHIMP, LION and ELEPHANT enter UR, see the problem and hurry to HIPPO)  
**Chimp** What happened?  
**Lion** Hippo, you okay?  
**Hippo** [Over-reacting] No. I think I'm dying.  
**Elephant** (Helping HIPPO to rise) We've got you. Up you come. That's the ticket.  
(COMPANY enter gradually from different directions. They show interest)  
**Hippo** I was brutally assaulted by a vicious gang of hooligans.  
(COMPANY buzz)  
**Chimp** Are you hurt? Any broken bones?  
**Hippo** I caught them vandalising public property.  
(COMPANY react. OSTRICH and one or two others go to examine the trees)  
**Lion** You must have been terribly frightened.  
**Hippo** Then they turned and launched their barbaric thuggery at me.  
**Elephant** [Genuinely concerned] Oh no, you poor old thing.  
**Hippo** (Suddenly offended by ELEPHANT'S comment) Old! Who's old? How dare you!  
(ZEBRA enters, sees the action and moves quickly to see what's happening)  
**Lion** (Trying to calm HIPPO) Now Hippo, keep your hat on.  
**Ostrich** (Calling) There's no damage over here.  
**Zebra** Damage? What damage?  
**Elephant** Hippo's been attacked by hooligans.  
**Zebra** What!?! That's terrible.  
**Hippo** I caught them destroying public property.  
**Zebra** (Highly incensed) Public property! That's outrageous!  
**Chimp** Come off it, Zebra. It was a bunch of unemployed kids.  
**Hippo** (Angry) Unemployed maniacs! They charged at me like a wild human!  
**Zebra** They've destroyed public property.  
**Lion** It's a bit of graffiti.  
**Zebra** Oh and that makes it okay does it?  
**Chimp** Of course not. But a few frisky monkeys will always be with us. We can't say the same for many endangered humans.  
(Big buzz from COMPANY)  
**Hippo** Endangered humans! What about me? I was nearly endangered.  
**Zebra** This is very serious. Vandalism is getting out of hand. I'll write a report.  
(Our fearless TRIO react as one)  
**C'mp/E'hnt/Lion** No!  
**Hippo** Yes. A report about etiquette and *savoir-faire*.  
**Zebra** Every serious issue demands an inquiry and written report.  
**Chimp** But another report means chopping down more trees.  
**Hippo** (Referring to MONKEYS) The hooligans were *destroying* trees!

## Jungle 13

---

*(COMPANY agree)*

**Zebra** So that's *two* topics. Hooligans and traffic-management.

**Elephant** What about endangered species?

**Zebra** All in good time.

**Hippo** We should tackle our own problems, important things like public safety.

**Zebra** And good traffic-management.

**Chimp** You mean vote-catchers.

**Zebra** I intend to help my constituents. I am the people's politician.

**Lion** *(Sarcastic)* Oh great. Terrific! And who speaks for the humans?

**Ostrich** We do need better traffic-management. It's chaotic here at rush-hour.

**Chimp** So while we all get home ten minutes earlier, endangered humans become extinct.

**Zebra** *(Moving DC)* Here is where the new clearway will be. *(COMPANY interested)*  
And here is where the slower animals will have right of way. *(COMPANY buzz. Two council animals enter and roll out a cloth pedestrian crossing about three metres long]*

**Giraffe** Excellent idea, Zebby. What's it called?

**Zebra** *(False modesty)* Well, council did honour me on this issue. *(Big voice)* I hereby declare this path *The Zebra Crossing!*  
*(Applause from COMPANY. Much chatter. MUSIC BEGINS)*

## Priorities

**Company** *Priorities, we all have priorities  
We look at problems we've got  
The whole bloomin' lot  
We choose what's important, ignore what is not  
Priorities, we all have to choose.*

**Zebra** *You see the traffic's appalling  
Commuters are calling  
For clearways and stop-signs and more.*

**Hippo** *Young people's ways are revolting  
My home I am bolting  
I fear going outside my door.*

**Chimp** *We know some humans now face, well  
Extinction, no trace, hell  
Already some have lost the war.*

**Trio** *I hope the project I mention  
Will capture attention  
Priority one, don't ignore.*

**Company** *Priorities. Priorities!*

## 14 Jungle

---

*(Song ends with everyone congratulating ZEBRA on the new crossing and HIPPO on the bravery displayed. The crossing is rolled up and removed. ZEBRA and HIPPO exit or wander upstage followed by several creatures. The OTHERS move away. Lights concentrate DL where CROCODILE leads an unsuspecting ELEPHANT)*

**Croc** Elephant, old trunk, just the one I want to see.  
**Elephant** I'm busy. I haven't got the time, *especially* for you.  
**Croc** Hey, lighten up, buddy. Wait'll you hear this. *(Looks around then speaks even more quietly)* How would you like a footballer's foot?  
**Elephant** *(Exclaiming)* A footballer's foot!  
**Croc** *(Upset)* Hey, quiet! You want the whole jungle to hear?  
**Elephant** That's barbaric! What do I want with a footballer's foot?  
**Croc** Are you crazy? They're worth a fortune. They *guarantee* good luck.  
**Elephant** *(Angry)* I don't care what they do.  
**Croc** Listen pal, some animals'd kill for one of these.  
**Elephant** Which only it makes *more* repugnant.  
**Croc** I can let you have it for two Americans.  
**Elephant** *(Shocked)* Two Americans!  
**Croc** *[Thinks E'HANT'S shocked at the price]* All right, all right! As a special price, just for you, five Australians.  
**Elephant** *(Threatening CROCODILE)* I'm going to report you.  
**Croc** Elephant, comrade, this stuff is genuine stition.  
**Elephant** Stition! What's stition?  
**Croc** I don't believe I'm hearing this. Stition is magic. And my stition is top quality. Not good. Not very good. It's super.  
**Elephant** *Super* stition!  
**Croc** Impossible to find today. Grab it while you can.  
**Elephant** Get away. *(Exiting DL)* You're sick. Why don't you grow up? *(Exits)*  
**Croc** *(Calling)* Remember, five Australians .... *[Angry]* *loser!*  
*(CROCODILE turns towards C and sees RHINO. Lights crossfade - down DL, up DR - as CROCODILE moves across the jungle clearing)*  
**Croc** Rhino, old charger, just the one I want to see.  
**Rhino** I've already bought my circus ticket.  
**Croc** Course you have. Say, Rhiny, how'd you go at the dance last week?  
**Rhino** Disaster. Don't ask. I mean I've got fresh breath, I can do the Waddle but ... *(Shakes head, disappointed)* with the opposite sex, I'm hopeless.  
**Croc** Not any more. I've got the key to your stunning social success.  
**Rhino** *(Anxious)* Really? What is it?  
*(CROCODILE looks around, beckons RHINO to close in then speaks in a softer voice)*  
**Croc** A shrunken human head.  
**Rhino** *(Shocked)* A human head!  
**Croc** *(Annoyed)* Shhhh! You want the whole jungle to hear?  
**Rhino** What do I want with a human head?

## Jungle 15

---

**Croc** *(Mock surprise)* Are you crazy? They *guarantee* success with the opposite sex.

**Rhino** *(Interested)* *Guarantee?* Are you sure?

**Croc** Some animals have killed for one of these.

**Rhino** *[Stunned]* Wow!

**Croc** And I can let you have it for two natives.

**Rhino** *(Shocked. Loud)* Two natives!

**Croc** All right, all right. A special price - ten big-game hunters.

**Rhino** *(Hesitant)* Well, I'm not sure.

**Croc** Rhiny, neighbour, this is premium stition.

**Rhino** Stition?

**Croc** Not good, not very good. It's super.

**Rhino** *(Impressed)* *Super* stition!

**Croc** One rub of this skull and your dance card'll look like a phone book.

**Rhino** You think so?

**Croc** I know so.

**Rhino** Okay. I'll get the money. *(Starts to exit, stops)* Do you take credit leaves?

**Croc** *Masterleaf. Visaleaf. American Pressedleaf.* The lot.

**Rhino** I'll be right back *(Exits DR. MUSIC BEGINS)*

**Rhino** *[Laughing]* Take y'time, sucker. *[Laughs before singing]*

## Superstition

**Crocodile** *If y'wanna know success'n prosper in your schemes  
If y'wanna win the heart of someone in your dreams  
If y'wanna give y'enemy a fright'n screams  
I got the answer - Sunbeams.  
If y'cannot get t'sleep at night and suffer fright  
If y'try'n pick the numbers but are never right  
If y'wanna look a stunner but are just a sight  
I've seen the answer - the light.  
Soo-oo-perstition, Double-dealin' trickery  
Soo-oo-perstition, Shifty business, rookery.  
Well it's incredible to get this stuff some folk are glad to pay  
Old Barnum was correct there is a sucker born today!  
Oh soo-oo-persition  
Double-dealin' trickery.*

*(COMPANY drift in during the first chorus. The COMPANY performs the dance and repeat of the chorus. Many think CROCODILE'S deals are fantastic. Song ends with COMPANY bombarding CROCODILE for trinkets. CROCODILE distributes a few then moves upstage and the COMPANY disperse. CHIMP enters, moves DL and places a sandwich-board sign on the ground. The sign reads - ACTING CLASSES - Enquire Within. CHIMP adjusts the sign as ZEBRA comes down)*

**Zebra** What's this?  
**Chimp** A sign.

---

**16 Jungle**

---

**Zebra** I can see that. Have you got a permit?  
**Chimp** Zebra, I'm terribly worried about endangered species.  
**Zebra** So am I. Where's your permit?  
**Chimp** We need to attract vanishing breeds back to the jungle.  
**Zebra** Such as?  
**Chimp** Ah, *Hollywoodus Starus*  
**Zebra** Who?  
**Chimp** Hollywood stars. Movie directors. Camera crews. The humans we never see anymore. They're dying.  
**Zebra** So what's with these acting classes?  
**Chimp** If we educate ourselves, learn about these endangered humans, maybe they'll return. Agreed?  
**Zebra** Maybe. But you still need a permit.  
**Chimp** Aw fair go. I'm trying to do something worthwhile.  
**Zebra** So am I. The law is the law. Fill in the appropriate form, pay the application fee and wait till your number is called. *(Starts to exit)* And remove that sign *immediately*.  
**Chimp** *(Going after ZEBRA)* Wait. Zebra. Please.  
**Zebra** I warn you, attempting to bribe an elected representative is ...  
**Chimp** Oh I wasn't doing that. I just need some advice.  
**Zebra** *(Suspicious)* Oh yes?  
**Chimp** I need a patron for my acting school.  
**Zebra** A patron?  
**Chimp** Someone important. Someone whose name will look impressive on my letterhead. Someone who won't actually *do* anything but who'll get loads of free publicity.  
**Zebra** Really?  
**Chimp** Yes, the patron gets all the kudos. But I'm in trouble. I can't find a suitable patron.  
**Zebra** Well maybe I can help you.  
**Chimp** Oh Zebra, you're a lifesaver. Can you suggest someone?  
**Zebra** Of course. *(Pause)* Me.  
**Chimp** *(Mock surprise)* You!?  
**Zebra** *(Offended)* There's no need to sound so surprised.  
**Chimp** Oh I'm not. I'm just so overwhelmed you'd even consider it.  
**Zebra** I'll make a perfect patron. Your school will be a brilliant success.  
**Chimp** Of course but ... *(Suddenly sad)*  
**Zebra** *(Concerned)* What? What's happened?  
**Chimp** *(Mock sadness)* Unfortunately the school is closing.  
**Zebra** *Closing!* Whatever for?  
**Chimp** I haven't got a permit.

## Jungle 17

---

**Zebra** *(Relieved)* Oh good heavens. Don't worry about a little thing like that. I'll fix everything.

**Chimp** *(Delighted)* You will? That's marvellous, Zebra. I mean,... *Patron.* *(ZEBRA swells with pride. CHIMP calls to the COMPANY)* Listen everyone, I have an announcement. *(COMPANY pay attention. Some gather round)* Zebra, our popular politician, has graciously agreed to become the patron of my new school. *(COMPANY applaud. ZEBRA waves, laps it up)*

**Zebra** My fellow-creatures, as patron of the *Jolly Jungle Acting Academy*, *(CHIMP looks at ZEBRA in amazement)* it gives me great pleasure to launch this truly magnificent institution. With its ivy-clad walls, *my Academy* will rescue the endangered human species, *Hollywoodus Starus* *(Applause from COMPANY)*

**Chimp** Thank you Patron Zebra.

**Zebra** *(Displeased, curt)* Please, I haven't finished.

**Chimp** Oh. Ah. But the press'll be here very soon and they'll ...

**Zebra** *(In a tizz)* The press! Oh no! *(Starts to exit)* Where's my hat? Where's my speechwriter? *(Calling)* Make-up! *(Exits continuing to call)*

**Chimp** As I was saying, some of my ancestors were movie buffs who helped the humans make movies. *(COMPANY buzz)* They even knew Johnny Weismuller! *(Bigger buzz from COMPANY)* If you learn acting at my school, the human movie makers may return to the jungle. Do you care about missing humans?

**Company** Yes!

**Chimp** Do you want to learn about them?

**Company** Yes!

**Chimp** Then repeat after me. *(Gives loud drawn-out Tarzan call)* Ah Or Ah Or!

**Company** *(MUSIC BEGINS. Mimic CHIMP)* Ah Or Ah Or!  
*(The last syllable is drawn out and the music starts under this cry)*

### Ah Or Ah Or

**Chimp** *Long ago in Hollywood, jungle scenes were in  
Tarzan movies everywhere had us in a spin  
Then we saw some other things, green turtles and ET  
They can't compare with biceps bare on a bloke high up a tree.*

**Company** *Come back Tarzan, come back Jane  
We know all your lines  
"Me Tarzan, you Jane"  
Swing back on our vines.  
Come back Ape Man, Cheetah, Jane  
You're our film folklore  
Come back Tarzan, come back Jane  
Ah Or Ah Or!*

## 18 Jungle

---

**Chimp** *Trouble is with films today, full of big effects  
Stunts 'n stuff are all you see, hide the script's defects  
What we need is simple fare with hero, tanned 'n tall  
Ape Man adorned in tiny togs and an IQ just as small.*

**Company** *Come back Tarzan, come back Tarzan  
Come back Tarzan, come back.  
Come back, come back Tarzan!*

*(COMPANY dance then repeat the chorus. It's a fun number, a celebration. You could introduce Tarzan, Jane and Cheetah for a cameo appearance. Song ends with the COMPANY happy and excited. ELEPHANT and LION take CHIMP DL to congratulate him)*

**Lion** Brilliant Chimp. Your acting school may help save some endangered humans.

**Elephant** I'm still worried about the circus. Crocodile doesn't care about the performing humans.

**Chimp** I know but what can we do? Circuses with humans may be legal.

**Zebra** *(Enters)* Here I am. *(Crosses to TRIO)* Where are the press?

**Elephant** Oh Zebra, we need some advice.

**Zebra** *(Suspicious)* Advice?

**Lion** Are you in favour of circuses which use performing humans?

**Zebra** *(Switches to automatic-pilot)* An excellent question, Lion. I'm so glad you asked. It's a very important issue and one which I treat with the greatest of respect.

**Chimp** So where do you stand?

**Zebra** Please. You've had your turn. Allow me to have mine. All sensitive subjects require careful consideration. As your elected representative, I can honestly say I have and will continue to give this matter my immediate attention.

**Elephant** Does that mean *yes* or *no*?

**Zebra** I will vote for what is right and just for my constituents.

**Chimp** So that's a *yes*?

**Zebra** And I'm extremely grateful to you for updating me on the situation.

**Lion** So that's a *no*?

**Zebra** I'm so glad I could help. *[Starts to exit]* Feel free to call on me at anytime. *[Exits. TRIO frustrated at ZEBRA'S behaviour]*

**Chimp** Nice one, Zebra. Thanks a bunch.

**Lion** Why don't we start some petitions?

**Elephant** Or write letters to the *Jungle Times*.

**Chimp** I think we're too late. Endangered humans may soon be extinct.

**Lion** Don't give up, Chimp. Every little bit helps.

**Elephant** Education's the answer. When our fellow-creatures learn the facts, they'll save the humans.

## Jungle 19

---

**Chimp** (Starts exit DL) It's the youth. If they get the message we might be okay.  
**Lion** (Calling trying to cheer up CHIMP) Don't forget the circus tonight.  
**Elephant** (Copies LION) I've got the tickets.  
**Chimp** (Stops near edge of jungle) Now that's one thing I *don't* want to see.  
(CHIMP exits. ELEPHANT and LION look at one another, shrug and follow.  
MUSIC BEGINS. The MONKEYS appear as before, move forward and sing a  
reprise of their song)

### Monkey Business

**Monkeys** We ain't got no job, We ain't got no dough  
We ain't got no hope, We're up to monkey business!  
We ain't got no joy, We ain't got no friends  
We ain't got no peace  
We're up to monkey ... [3 times] Business!

(Song ends. MONKEYS again freeze in defiant formation. Unbeknown to them,  
HIPPO enters UL with furled umbrella. As soon as applause dies, HIPPO  
roars)

**Hippo** Don't move!  
(MONKEYS die of fright, turn, see the threatening and angry HIPPO, fall over  
one another finishing DR huddled together in fear)

**Hippo** Anyone moves, they'll be *umbrellaed*!

**Jinks** (Frightened) Hey, take it easy. You could hurt someone.

**Hippo** (Moving DC/DR) Oh you speak do you? You're not humans after all. Well  
now, time for a bit of your own medicine. You hurt me. You damaged  
public property. It's time you were punished.  
(On the word "punished", HIPPO raises the umbrella causing the MONKEYS  
even greater fear)

**Tricks** We wuz only muckin' around. Honest. (To OTHERS) Wasn't we?

**Monkeys** Yeah ... That's right ... We wuz ... *etc*  
(HIPPO is disgusted with their speech and mimics them)

**Hippo** (Mimics) We wuz only muckin' around. (Angry) And you *poison* the  
Queen's English!

**Jinks** Fair go, mate [lady]. We ain't done nuffin to no Queen, 'ave we?

**Monkeys** No ... We ain't .... Nuffin! ... *etc*

**Hippo** You've destroyed everything I hold dear. You terrorise innocent people,  
vandalise public property, ruin a beautiful language. You have no respect.  
You can't even *spell* the word. And then you ...

**Tricks** (Offended) We can spell.

**Hippo** (Furious) And you interrupt when I'm speaking. You have no manners, no  
love of tradition. You bring change that no-one wants or can handle.  
(Emotional) You have ruined my life.

(Pause. MONKEYS uncertain what HIPPO will do next. HIPPO uncertain  
what will happen)

## 20 Jungle

---

**Tricks** Well things ain't so crash hot for us, y'know. (*MONKEYS agree*)

**Jinks** That's right. No jobs, no prospects, no money, no hope. What'cha expect?

**Hippo** I expect respect. I expect honesty and determination. You don't want work, just welfare and a spray-can to go.

**Tricks** Times have changed. When you wuz young, jobs grew on trees. Today, they've ringbarked the jungle. Look!  
(*Points to audience where HIPPO looks briefly allowing one/two MONKEYS to scamper upstage behind HIPPO who then turns back to her hooligans*)

**Hippo** (*Sarcastic*) Oh very droll. You've got all the smug answers. Well I've had enough. I want the old ways brought back. Clean, safe streets, traditional values, respect, ...

**Jinks** Jobs for everyone.

**Hippo** (*Louder*) You keep saying that. It's just a pathetic excuse.

**Jinks** (*Louder*) It's just the pathetic truth!

**Hippo** (*Raising umbrella causing MONKEYS to be afraid*) *Liar!*

**Tricks** D'you think we want this life? Do you think we enjoy every boring, useless day? Nothin' to do. No chance of a job.

**Hippo** You don't try.  
(*The MONKEYS upstage rises slowly and starts to move downstage*)

**Jinks** After five hundred knock-backs you start lookin' for somethin' else.

**Hippo** Yes like vandalising my favourite street.

(*The MONKEYS try not to look at their mate who is creeping closer to HIPPO. Tension. Pause. Suddenly HIPPO senses danger and turns. The other MONKEYS leap at HIPPO. There is a brief struggle. JINKS grabs the umbrella. HIPPO is screaming. "Help! Help!" etc. HIPPO is helpless on the ground. Pause. Will JINKS attack HIPPO? The others are waiting for the signal to attack. Suddenly JINKS drops the umbrella. MUSIC BEGINS. JINKS runs off UL. The MONKEYS follow. Lights dim slowly to a single spot on the desolate HIPPO*)

## Manners

**Hippo** *I like the old ways, the things of the past  
The sayings and actions, the products that last  
Now things are all changing and changing so fast  
Where are the good, old ways?  
Once we used manners, had rules strict yet fair  
Helped those in trouble, gave others their share  
Now nobody listens, they don't seem to care  
Where are the good, old ways?  
Bring back manners  
Things that are good and true  
Bring back manners  
Rudeness should be taboo  
Bring back manners*

## Jungle 21

---

*"Excuse me" and "After you". Bring back the brightness,  
The rightness, politeness of "Please" and of course, "Thank you".  
[Spoken] Thank you.*

*(Song finishes with HIPPO mournfully facing front. In the blackout upstage, the COMPANY has quietly entered in preparation for the circus. Applause for HIPPO'S song. BLACKOUT. HIPPO exits. Umbrella is removed in the darkness. Another spot lights CROCODILE wearing a ringmaster's hat. CROCODILE calls in a loud voice. Alternatively, CROCODILE could speak in the BLACKOUT. Set the low fence during the blackout)*

**Croc** My beasts, creatures and animals, it's time for the circus!

*(MUSIC BEGINS. Lights up on a night-time performance. Big cheer and applause from the COMPANY. The ring is brightly lit but the audience on stage are in an eerie light. The COMPANY are in the trees, on the tree-stumps etc in a large semi-circle from RC to LC. They are on different levels. It is a colourful but not an orderly audience. This is a circus! One or two balloon and popcorn vendors could walk amongst the crowd. A small ring [semi-circle?] is created using a low oval-shaped fence downstage. The grand parade of circus folk enters UR and/or UL and does a lap or two of the ring. The on-stage audience sing, clap and wave to the circus performers who sing and wave as they circle the big-top)*

### Circus Parade

**Company** *We're part of the circus, this is a parade  
Our heart's in the circus, bBig-top cavalcade  
Let's start up the circus with your accolade  
We're part of the circus, the circus parade!*

*(The performers work to both audiences. The parade consists of various performers e.g.*

- a lion with a whip [the human-tamer]*
- some acrobats in sparkling costumes e.g. tigers*
- some clowns in funny outfits and big red noses*
- some humans dressed in safari suits with monkeys [even plastic models] on their shoulders*

*The on-stage audience, COMPANY, applaud and sing with the different characters in the ring. The artists are probably former COMPANY members.*

*After their lap or two, the performers line up in formation just as the music finishes. Wild applause from the on-stage audience. The artists are facing front. The artists then quickly exit to both sides of the stage and CROCODILE wearing a top-hat, perhaps a smart red coat or jacket and holding a megaphone, stands on a tree-stump and tells the world the news)*

**Croc** Welcome one and all to the greatest show in the jungle. Welcome to the circus. *(Applause and whistles from on-stage audience)* For your immense pleasure, direct from the biggest circus cities, *Old Croc Productions* proudly present, *Hyena and the Hopping Humans!*

*(MUSIC BEGINS. On-stage audience applaud. HYENA bounces out with a whistle on a chain around his neck. HYENA is followed by three or four humans dressed in athletic outfits - joggers, shorts, singlet with number/logo etc)*
